## ODESIA awarded \$1.5 million in contracts in Mexico

MONTREAL, QUEBEC-(June 18, 2008) - ODESIA Group Inc. ("ODESIA") (TSX: ODS) is pleased to announce the signature of three important contracts by its subsidiary in Mexico, Resources IT (RIT), for a total sales value of CAD\$1.5 million to be earned in 2008 and 2009.

First, RIT won a request for proposal in Business Intelligence Solutions launched by Televisa, the most important Spanish-speaking communications group in the world with sales of more than 4 billion U.S. dollars. The one year project consists in setting up Key Performance Indicators (KPI's) for Televisa senior management team and for one of its most important subsidiaries, Intermex.

Second, RIT has successfully renewed its outsourcing agreement with PEMEX, the tenth largest oil company in the world. RIT will manage the Technical Support Center for geophysical users located on the Mexican territory.

Finally, RIT has obtained a new mandate which targets the implementation of an Oracle E-Business suite for Comex, the fourth largest paint manufacturer in North America.

All these contracts confirm the leadership of RIT on the Mexican market and its solid expertise in databases management and in Business Intelligence Solutions implementations. "By joining the ODESIA family, we can now capitalize on a larger workforce and on an international presence which opens doors with worldwide suppliers established in Mexico." said Alfredo Pina, General Manager and co-founder of RIT.

### About ODESIA Group

ODESIA Group is a Canadian-based international corporation specialized in BI solutions, decision processes, and data warehousing for large corporations. The management team at ODESIA has extensive knowledge and experience in leading the execution of BI processes in large enterprises. The team of nearly 220 professionals offers a high level of service and specialization. The partnerships that ODESIA has formed with diverse BI service providers constitute a further important feature of its offering. The Company's goal is to provide customers a complete solution, no matter the technical challenge. For more information, see [www.odesia.com](http://www.odesia.com)
